2017 Coastal Cleanup Day

SPONSORSHIP PACKET

Become a sponsor of the 33rd Annual California Coastal Cleanup Day (CCD) for San Luis Obispo County on Saturday, September 16th. This event engages and challenges volunteers from our community to clean up trash and debris. Marine debris looks bad; more importantly, it contributes to the declining health of our oceans.

ECOSLO is once again partnering with the California Coastal Commission to bring this event to San Luis Obispo County. Every year, we coordinate beach cleanups from San Simeon to the Oceano Dunes. Even though Central Coast beaches are cleaner than some, last year over 6,500 pounds of trash and recyclables were removed from our beaches, lakes, and creeks.

Organizing an event of this magnitude takes months, hours, and resources for our organization. ECOSLO receives no funding for this - we rely solely on sponsors like you! Please help us keep this event going by becoming a Coastal Cleanup Day Sponsor. Your generosity will directly contribute to the event's success in these ways:

- Enable ECOSLO to recruit hundreds of volunteers through effective advertising, press releases, articles, op-eds, radio interviews, and public presentations.
- Strengthen your organization's image and increase patronage by demonstrating good corporate citizenship.
- Cover the cost of equipment and supplies needed: gloves, data sheets, and waste collectors.
- Provide refreshments for volunteers and incentives for volunteer site captains.
- Improve employee retention and loyalty by providing an opportunity to engage in a service event that enhances the community where they live, work, and play.
- Forge alliances with other concerned organizations to help shape a better future.

Join us as a sponsor of this critically important event. Within the next few weeks, an ECOSLO representative will call to see if you have any questions. In the meantime, learn more by visiting the ECOSLO website: www.ecoslo.org. We look forward to your support in the 33rd Annual Coastal Cleanup Day!

The California Coastal Commission

The California Coastal Commission's mission is to "Protect, conserve, restore, and enhance environmental and human-based resources of the California coast and ocean for environmentally sustainable and prudent use by current and future generations." The Commission, in partnership with coastal cities and counties, plans and regulates the use of land and water in the coastal zone, including construction of buildings, divisions of land, and activities that change the intensity of use of land or public access to coastal waters. Among its many programs, the Commission is the statewide event coordinator for Coastal Cleanup Day.

For more information about the California Coastal Commission's education programs, contact Eben Schwartz at (415) 904-5210 or eschwartz@coastal.ca.gov or visit www.coast4u.org.
